

## TAMMANY WILL WELCOME BRYAN

Crocker to Give the Nebraska  
a Rousing Reception  
Tonight.

## GREATEST EVER SEEN

The Candidate Will Speak at  
Four Meetings to Over  
150,000 People.

## COLER HAS BEEN BARRED OUT

New York, Oct. 16.—From the moment of the arrival of Wm. J. Bryan at 3 o'clock this afternoon until his head touches the pillow tonight, the democratic candidate will have a reception such as few if any candidates for office have ever received in this country.

Every available band has been engaged, fireworks bought by the ton, and every Tammany shouter ordered out with lungs in trim.

The magnitude of the demonstration is shown by the police preparations. Twenty-five hundred policemen will be assigned to meetings and to line the streets along the line which Bryan will pass to the four meetings. Crocker expects that 150,000 people will try to hear and see Bryan tonight.

**Crocker's Dinner to Bryan.**  
At least \$25,000 will be spent, it is said, in fireworks and decorations, the idea being to make, in the language of Tammany, the "greatest ever." There will be little democratic simplicity about the affair, and for the moment Bryan and his followers will be asked to forget that the country is on the verge of ruin.

Besides the big speech making affair in the garden, Crocker is to give a dinner to Bryan at the Hoffman house at 5 o'clock. It is to be in the Moorish room, and, although that sounds luxurious, and brings up visions of the languorous and effete East, Crocker declares that the dinner is not to cost \$50 a plate as reported, but only \$5. The hotel manager splits the difference and says it will cost \$20.

**Coler Got no Bid.**  
Controller Coler did not get a "bid." He has not received one to any of the Bryan functions; and it is said this is the deliberate work of Crocker.

After the dinner, which is supposed to come to an end at 8:30 o'clock, the party in open carriages and escorted by a platoon of mounted police, will leave the hotel. Crocker and W. R. Hearst will escort Bryan over to the Madison Square Garden. John B. Stanchfield and Senator Mackay will be taken to Cooper Union, and Chas. M. Bulger and Thomas F. Grady will be escorted to Tammany Hall, where they will open a meeting.

**A Democratic Prediction.**  
Utica, N. Y., Oct. 16.—Bryan is making no speeches enroute to New York and will speak extemporaneously tonight. National Committeeman Mack from New York who is with the Bryan party predicts Bryan will carry the state by sixty thousand majority.

**Foraker with Roosevelt.**  
Middleton, Ohio, Oct. 16.—Roosevelt continued his tour of Ohio this morning, making the first speech in Hamilton in conjunction with Senator Foraker who accompanied him. At Miamiaburg Roosevelt spoke from the steps of a wine factory.

**Hanna at Mankato.**  
Mankato, Minn., Oct. 16.—The first stop this morning of the Hanna special was at Owatonna where a platform had been erected at the depot. Two thousand surrounded the stand.

## BIG MARCH OF COAL MINE STRIKERS SPOILED BY POLICE INTERFERENCE

Special Deputies Drive the Marchers Back Step by Step—Women Formed a Cordon Right In Front—Sang Songs and Jeered the Soldiers.

Tamaqua, Pa., Oct. 16.—The biggest march in the anthracite strike was today. Panther Creek Valley, the stronghold of the Reading railway, with ten big collieries had withstood the efforts of the organizers to inspire a strike sentiment.

Last night parties of miners started from Hazelton, Freeland, McAdoo and other towns, nineteen miles over the mountains to Panther Creek.

Another army formed in the Schuylkill Valley, to strike between Coaldale and Lansford. Both columns were to swoop down and close all the mines.

In the meantime train loads of coal and iron poles were rushed into the Panther Creek Valley. At Shenandoah the fourth regiment guards and eight companies were loaded on trains at midnight and while the miners told

Pillsbury academy deferred opening for two hours and the cadets in uniform augmented the crowd.

SAYS HIS WIFE ATE TOO MUCH.

Unique Defense of a Man Arrested on Charge of Abandonment.

Peoria, Ill., Oct. 16.—J. H. Lane, a Hanna City farmer, was today arraigned before Justice Schuler on the charge of wife abandonment. The case is unique. Lane's only plea of defense is that his wife ate too much. While not admittedly stating the limits of his wife's abnormal appetite, Lane says he could not raise enough on his farm to feed her. Growing desperate he forced her to sign away her rights to their property, gave her \$50 and told her to leave. The wife is a simple minded creature and she obeyed. But when the money was gone and starvation stared her in the face, she had Lane arrested, and he was bound over to the grand jury.

## PAO TING FU TAKEN BY ALLIED ARMIES

Celestial Authorities Are Unable to Suppress the Rebellion in the Province of Kwang Tung.

London, Oct. 16.—A dispatch from Shanghai this morning says the allies captured Pao Ting Fu Saturday.

Situation is Serious.

London, Oct. 16.—A dispatch from Hong Kong says:

"The rebellion in Kwang Tung province is serious and the Chinese authorities are unable to suppress it. The depletion of the Canton garrison of 7,000 men renders the city unsafe and piracy is rampant in the river delta. Sunday night the rebels attacked Macao, but the Portuguese soon dispersed the rabble. The British fearing incursions of the Kowloon territory have further strengthened the frontier guard with 400 Indian troops.

"In consequence of American interests being imperiled Wildman has gone to Manila to consult with General MacArthur on the situation."

**Warns European Women.**

Berlin, Oct. 16.—A dispatch received here from Shanghai says the British consul there warns European women against coming north from Hong Kong in the hope of joining their husbands, the situation in the Yangtse valley being very serious.

## FALL CARNIVAL AT MADISON IS OPEN

Great Crowd at the Festivities—Streets Are Handsomely Decorated—Democratic Day Tomorrow.

Madison, Wis., Oct. 16.—Madison's first street fair opened auspiciously last night. Over 15,000 persons are already in the city, and special trains are coming in from all points with excursionists. The city never before presented such a brilliant spectacle.

The streets about the Capitol Park are lined with handsomely decorated booths, arched over at short intervals with electric lights. Practically all the business houses and many residences are also gay with the cardinal streamers and flags, which composes the color scheme.

The spectacular feature of last night's opening was the lighting up of the capitol dome with five hundred electric lights.

Today is military day when a parade of all the militia companies of nearby cities will be held with a "living flag" made by 300 school girls.

Wednesday is democratic day. George F. Williams is to speak in the evening after a torch light parade and John P. Finnerty of Chicago in the afternoon.

**A Woman Candidate.**

Monroe, Wis., Oct. 16.—Miss Mary A. Bullfinch of Sylvestre is the democratic candidate for superintendent of schools in Green county. Her name was placed on the ticket by the county committee. She is a graduate of the state university.

## CHAIRMAN HANNA CALLS BRYAN DOWN

PROTESTS AGAINST ARRAYING CLASS AGAINST CLASS.

Senator Addresses a Variety of Audiences In Wisconsin On His Journey From Chicago to Madison—Capital City Gives Him An Immense Ovation—The Full Dinner Paill.

Madison, Wis., Oct. 16.—"I do not propose to let W. J. Bryan appeal to the people by trying to array class against class without calling him down," said Senator Hanna at Waukesha yesterday afternoon.

"There are no monopolies in this country," he said again, "except those which are protected under patent rights given by the government. The Sherman law passed by a republican congress has wiped out all the trusts that can be reached under the constitution."

"I claim that the normal condition of this country is prosperous," Senator Hanna said to the factory hands at Racine Junction, "and we are not going to have any change."

"We have done away with all other issues in this campaign and have brought it down to the real issue," he said to a similar audience at Racine, "and that is the continuation of our prosperity."

**Day's Climax at Madison.**

The culmination and climax of the first day's journey was at Madison, Wis., last night, when Senator Hanna and Frye spoke to an enthusiastic audience of several thousand and where the occasion marked the beginning of a week's carnival and street fair. Yesterday Senator Hanna made brief speeches at Racine and at Allis, a suburb of this city, and at Waukesha. This morning there was an early meeting at Winona, Minn., and the remainder of the day will be spent in Minnesota. Wednesday and Thursday will be devoted to South Dakota, the latter day to end with a mass meeting in Senator Pettigrew's home town, Sioux Falls.

**Eulogized H. C. Payne.**

The demonstration here last night was an enthusiastic affair. A reception committee headed by Governor Scofield met him at Waukesha. Another reception committee, embracing seemingly all the boys in the state university, met him at the depot and stayed with him through the evening. Before the evening meetings there was a torch-light parade and 3,000 were in line. Clubs came from Milwaukee, Janesville, Waukesha and other towns. Senator Hanna talked during the evening to more than 7,000 persons.

The university gymnasium, with a seating capacity of 5,000, was packed. Enough to fill it again were turned away. An overflow meeting was held in the state assembly rooms. There Senator Hanna with V. B. Dolliver spoke first. In the meantime Senator Frye addressed the gymnasium audience. His was a straight-out logical argument for expansion.

When Senator Hanna came in the university boys went to him with their college yell and made him like it. Senator Hanna in opening eulogized Henry C. Payne as the star performer at national headquarters in Chicago. Thereafter he handled the trust question, chiefly as he handled it at Waukesha.

## AN OLD VETERAN DIES SUDDENLY

F. N. Graves of Beloit, Falls Dead From His Chair While Reading a Paper.

Beloit, Wis., Oct. 16.—The Fourth Wisconsin Battery association held a reunion Saturday and elected officers as follows: President, F. N. Graves, Beloit; vice president Samuel Elliott, Shirland, Ill.; secretary and treasurer, W. L. Austin, Beloit. Sixteen of the comrades present went into the army in 1861.

A sorrow came to the veterans of the reunion in the sudden death of Mr. Graves, the president of the association. He had returned from a political meeting and was reading a newspaper, when he fell to the floor dead.

The coroner's jury gave a verdict that death was due to apoplexy. Mr. Graves was 66 years old, and had been a life long resident of Beloit.

## DREADFUL LOSS OF LIFE IN RUSSIA

Boiler Explosion On a Steamer and Gas Explosion In a Mine Causes the Death of Many.

St. Petersburg, Oct. 16.—The steamer Eugene's boiler exploded while making a night trip on the Obi river, killing by drowning the engineer staff, eight stokers, eighteen passengers and injuring forty passengers. She was American built.

At Daghestan in Caucasus in the Naphtha works of the Vladivostok railroad, the head engineer while drunk took a candle into the shaft causing an explosion. The engineer and thirteen others were killed.

## DEMOCRATS HAVE A VERY FORLORN HOPE

CENTER THEIR EFFORTS IN NEW YORK AND INDIANA.

The Outlook Is Now That These Two States Offer Them the Only Chance They Have to Win—Bryan Is Defeated If He Does Not Carry Them Both.

Chicago, Illinois, October 16.—The democratic national leaders have come to the conclusion that unless Bryan can carry New York and Indiana he cannot be elected. Therefore all their energies for the remainder of the campaign will be devoted to these two states.

Bryan and Stevenson will make a tour of New York this week and then they will make a last effort in Indiana. The democrats have no real hope of carrying Illinois, Wisconsin or Minnesota. They make loud claims as to those states, but they know that Bryan has not the remotest chance of getting their electoral vote.

**Pin Their Last Hopes.**

They know too that the democratic possibilities in South Dakota, Wyoming, Washington, Oregon, and California are worse than poor, and that McKinley is reasonably certain of these states. So the democrats are pinning their last hopes on Indiana and New York.

From neither of these two states do they hear encouraging reports. In New York there is a suspicion that Crocker is ostensibly supporting Bryan solely to put himself in line with the party organization and to be ready in the event of Bryan's defeat to prove that he was a "regular" in the campaign and competent to take part in the direction of the party in the future.

**Without Organization.**

In New York, outside the city of New York, the democratic party is practically without an organization. In many counties the democrats are allowing the campaign to go by default. The leaders have but little hope that they can get in the city a majority large enough to overcome the republican majority in the rest of the state.

From Indiana come reports no more encouraging to the democratic cause. Mr. Bryan by his recent speech in the "gas belt" drove all the workingmen in that territory from him. He advocated placing glass, iron, and most of the products of the industries in that "gas belt" on the free list.

The removal of tariff from most of the products of the industries in that section would mean that every manufactory would be closed and that thousands of men thrown out of employment. The republicans believe that Bryan lost whatever chance he had of carrying Indiana by that speech.

## ROYALTY IS DISAPPOINTING.

Kings and Dukes Insist on Viewing Paris Sights Incognito.

Paris, Oct. 16.—Paris is full of royalties just now. They are taking a look at the exposition before its close, which will be two weeks from next Monday. King Leopold of Belgium, King George of Greece, Grand Duke Sergius of Russia and his wife, Grand Duchess Elizabeth, Grand Duchess Xenia Alexandrovna, the czar's sister, and other dignitaries of less importance are to be seen daily in the exposition grounds. Much disappointment is expressed in official circles because these royal personages have chosen to appear in Paris incognito. Their desire to remain unknown has, of course, prevented any attempt at public demonstrations or festivities in their honor. The two kings did indeed forsake their incognito for a moment to make an official call on President Loubet, but that formal visit was the only glimpse Paris has had of them in their royal capacity. Only two crowned heads have occupied the "Palace of Sovereigns"—King Oscar of Sweden and Norway and the shah of Persia. This side of the exposition has been a complete failure, and that fact is being exploited by the enemies of the government.

**Woman Fights with a Harpin.**

St. Louis, Mo., Oct. 16.—Dollie Richardson held a policeman at bay for five minutes and tried to prevent her arrest for disturbing the peace. When the officer finally attempted to seize her, he received a thrust from a harpin through his right hand. He made the arrest, but is temporarily incapacitated by his injury.

**Reports Peary Not Sighted.**

St. Johns, Oct. 16.—The sealing steamer Kate, which has just visited Cumberland Inlet with supplies for the American whaling station there, reports that nothing has been seen or heard of the Peary steamer Windward. Hope of her return this fall is now practically abandoned.

**Suicide at Washington.**

Washington, Oct. 16.—Thomas F. Lane, son-in-law of Senator Blackburn of Kentucky, the American agent of the Maxim guns, committed suicide at midnight by shooting in the head at his home here. He was in despondency owing to a diagnosis of his physicians. Lane suffered from Bright's disease.

## STANDING ARMY STORY DENIED.

War Officials Say There is no Thought of Having 80,000 Men.

Washington, Oct. 16.—Positive denials that plans are being prepared for a standing army of 80,000 or 100,000 men were made last evening by Secretary Root and Adjutant General Corbin. Secretary Root said that there was absolutely no basis for the stories that have been printed in the various papers to that effect.

The secretary of war said that it is untrue that plans for a standing army reorganization bill are being made and that a skeleton of the same has been framed. "But thus far there have not been any suggestions in our plans as to the number of men," said the secretary.

General Corbin said: "We have no idea of having a standing army of either 80,000 or 100,000 men. We cannot account for the circulation of these reports because they are absolutely unfounded."

## FILIPINOS KEEP UP HOSTILITIES

Only 7 Out of a Party of 24 Americans Escape in An Attack Oct. 10—Three More Killed.

Manila, Oct. 16.—Two hundred insurgents attacked twenty men of the Twenty-fourth Infantry repairing a telegraph line near San Jose, Nuevo Ecija province of Luzon, Oct. 10. But seven Americans reached San Jose. It is probable that the rest were captured. At Takloban, Lyte island, a party of the Forty-third Infantry was surprised and three killed. Their bodies were badly mutilated.

## CHICAGO IS FOR CITY OWNERSHIP

To Ask Legislature For Law Permitting City to Acquire Gas and Electric Light Plants.

Chicago, Ill., Oct. 16.—The City council went on record last night for municipal ownership of all gas and electric light plants. A committee will be appointed by Mayor Harrison to draft a law for submission to the next general assembly.

The council also adopted a resolution fixing the maximum price of gas after the first of next January at 75 cents per 1,000 feet.

## FIND DRUGS ARE HARMLESS.

Health Department Reports on the Marie Defenbach Case.

Chicago, Oct. 16.—The health department has analyzed the drugs found while investigating the case of Marie Defenbach, supposed to have been murdered to get insurance money, and to-day reported that they are harmless. It was expected by the police that the report on the medicines which were found in Miss Defenbach's room at Mrs. Monahan's house would be of vital effect on the case. The report was filed with Chief of Detectives Collier and it shows that the drugs were such as physicians frequently prescribe. As a new development in the alleged insurance conspiracy, it has come to the surface that Dr. Unger is deeply interested in a suit which has been brought by a West Lake street tailor on account of personal injuries resulting from an accident on the West Madison street cable line. The police profess to see certain peculiarities about the details, the only apparent connection being the alleged friendship existing between the tailor, Dr. Unger and Marie Defenbach, who was acquainted with the tailor when her mother conducted the little candy store on the west side. Mrs. Ida Wells, sister of Marie Defenbach, discredits the statement made by Annie Price, the colored office assistant, who once was employed by Dr. Unger, to the effect that Marie was troubled with heart disease. "My sister was absolutely healthy," said Mrs. Wells. "Now that she is dead and there is no way of disproving their statements by means of an examination, they are suddenly discovering that she was suffering from all manner of ailments."

## LA FOLLETTE IS WORKING HARD

Fears That He May Break Down Before End of Campaign.

## BATTLE GROWS LIVELY

Whitehead and Cooper Report An Awakening Among Voters In Badger State.

## MORE INTEREST IN CAMPAIGN

Milwaukee, Wis., Oct. 15.—Friends of Robert M. La Follette, candidate for governor of Wisconsin, are advising him to go slow with his speeches, for the reason that his health is not the best, but he is still on the road, and intends to fill all his engagements unless he is completely prostrated before the end of the month.

Saturday night at Phillips Mr. La Follette nearly collapsed at the end of his address. Hereafter T. W. Spence and John Strange will accompany him on his trips, in his special car, and if the demand upon him is too great they will act as substitutes.

**By no Means a Well Man.**

Mr. La Follette makes very hard work of his speeches, putting a great deal of vigor and earnestness into his efforts to convince his hearers that he means what he says. He is by no means a well man.

The republican candidate spoke to an immense audience at Stevens Point last night. His schedule for today is Chippewa Falls, Cadott, Stanley, Thorpe, Abbottsford, Unity, Spencer and Eau Claire.

**More Interest in Campaign.**

Senator Whitehead of Janesville is one of the stalwarts that are being heard from the stump this fall, and he is doing good work for the republican state and national tickets. He has already made four speeches, and says there seems to be a great awakening among the people who did not at first take much interest in the campaign.

Congressman Cooper of the First district, who is spending the most of his time in the northwestern part of the state, and leaving his own district to the care of others, also reports more interest among the voters, reporting to headquarters in this city that the crowds are large and take a deep interest in the questions discussed.

Altogether there seems to be more life to the campaign in this state, although it is admitted that McKinley will receive anywhere from 50,000 to 110,000 plurality. Even bets are being made that the republicans will elect every one of their congressional nominees, and the republicans freely place their money with any one who wishes to wager that La Follette will not be elected by a plurality of 60,000.

**Has Lots of McKinley Money.**

John McCoy says he will bet any man or woman any amount they desire that McKinley will be elected, he giving odds of 3 to 1. He will also bet \$5,000 or any part of it that McKinley will carry Wisconsin by 60,000, and will bet \$4,000 that every one of the ten congressional candidates in this state on the republican ticket will be elected.

I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co's drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticed any recurrence of my old trouble."

## IN NO COMBINE

The Postal Telegraph-Cable Company has issued the following notice to its patrons regarding a rumor that the Postal would soon be absorbed in a combine:

"Persistent rumors are in circulation regarding a pending combination of the Postal Telegraph-Cable Company, Commercial Cable Company, Western Union Telegraph Company, and American Bell Telephone Company with the Telephone, Telegraph and Cable Company of America."

"The officers of the Postal Telegraph-Cable Company and of the Commercial Cable Company deny emphatically that either company is contemplating any such combination and state that the control of the Postal Telegraph Cable Company and of the Commercial Cable Company is not for sale."

Silver Wedding Anniversary. A number of the friends of Rev. and Mrs. S. P. Wilder of Delavan gathered at the parsonage there on Saturday evening last to celebrate the 25th anniversary of the marriage of Mr. and Mrs. Wilder. A number of very substantial reminders of the esteem in which the couple were held by their friends were left. Among the gifts was one from friends in the Congregational church at Janesville consisting of twenty-five silver dollars. This gift coming as it did so unexpectedly and from absent friends was especially gratifying, and the good wishes which went with it to show that their friends in Janesville had not forgotten them.

Regular meeting of the Janesville Choral society Tuesday evening, 7:45, at Caledonia rooms. A cordial invitation is extended to the singers of Janesville to join the society. The "Messiah" is the work selected for the season.

A Word to the Wise is Sufficient. But some stubborn people wait until "down sick" before trying to ward off illness or cure it. The wise recognize in the word "Hood's" assurance of health.

For all blood troubles, scrofula, pimples, as well as diseases of the kidneys, liver and bowels, Hood's Sarsaparilla is the effective and faultless cure.

Poor Blood.—"The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me strong and well." Susan E. Brown, of Astor Hill, Lynn, Mass.

Dyspepsia.—"We all use Hood's Sarsaparilla. It cured my brother-in-law and myself of dyspepsia. I owe my life to it." M. H. Kirk, 607 Franklin St., Philadelphia.

Hood's Sarsaparilla Never Disappoints.

Hood's Pills cure liver, bile, the non-digesting and only cathartic to take with Hood's Sarsaparilla.

## TWILIGHT CLUB ON CHINESE QUESTION

FIFTH SEASON OPENED AT  
HOTEL MYERS' LAST NIGHT.

Topics Suggested For Discussion During the Ensuing Year—Leaders Named For the November and February Meeting—Dr. Eaton of Beloit, Made An Address.

The Twilight Club opened its fifth year season last night under most favorable circumstances. Something over a hundred members gathered at the Hotel Myers and at 7 o'clock and sat down to the supper prepared by Landlords Johnson and Stevens.

Alexander B. Matheson, who acted as leader, called the club to order after the repast was finished. He stated that the success of the organization was due largely to the efforts of Prof. D. D. Mayne and thought he should be congratulated.

Prof. Mayne from the program committee reported the following suggestions for topics to be discussed during the year.

October—The Chinese Question.

November—Co-operative Industries.

December—Qualifications of Voters and Methods of Voting in the United States.

January—The Books of the Day, or the University of Wisconsin.

February—Abraham Lincoln.

March—Science.

April—Municipal Aesthetics.

He stated that these topics could be changed if the club so desired. The November topic would be handled at the People's Lecture course next month by an eminent authority and the growing interest in the subject made it one to be discussed. Our own state's proposed caucus law came under the December head and also the situation in North Carolina. Lincoln's birthday being the day chosen for the February meeting furnished a topic.

Rev. Walter A. Hall was chosen leader of the November meeting.

William Smith was chosen leader of the February meeting and invited to secure, if possible, Geo. R. Peck, a former Janesville boy, to deliver his celebrated lecture on Abraham Lincoln.

On motion of T. S. Nolan the report of the program committee was adopted.

Malcolm O. Monat was the first speaker of the evening and had for his topic of the "Chinese Question" International Phases. It was a difficult question to handle as there were no established precedents and it was only in the last fifty or sixty years that consuls had been established, before that time everything had been handled by the East India Company. Since that time each war had opened up the country to commercial interests. The war of 1860 and the Japanese war of more recent date were the most important. These wars had shown China was unable to successfully cope with other nations and they had taken what territory they wished necessitating a change.

Arthur M. Fisher handled the question of "Government" the "Dowager Empress" and the Boxer Movement. He told how each officer was elected and the greatness of his power. As near as he could find out the government was in bad shape.

The topic of Missions and Missionaries was presented on two sides. Some thought the efforts to Christianize were unwise and others that if it was Christianized it would be by the missionaries.

T. O. Howe handled the first phase of the question and took for example the efforts made to Christianize the American Indians. He considered that the Indians were worse off today than ever. The Chinese have a religion older than ours that they are faithful to. He thought that the missionaries were working in a barren land.

Rev. J. T. Henderson of the Presbyterian church was assigned the other side of the topic. He thought without the aid of the missionaries we should never have heard of the Chinese question of today. The Catholics had done great work in China and we should feel proud of it. It was claimed the uprising was caused by missionaries. He did not consider the uprising against the missionaries, because they were missionaries, but because they were foreigners.

Dr. L. L. Leslie had a fine article on Industrial, educational and moral conditions and possibilities of the Chinese.

Dr. Eaton of Beloit College was the club's guest last evening and spoke on The Relations of the United States and China. He and his wife had visited China two years ago and he spoke from experience. His statements were clear and concise and extremely interesting. He also answered a number of questions asked him in regard to China.

On motion of J. B. Smith a rising vote of thanks was given Dr. Eaton for his kindness.

## BLACKHEADS AND PIMPLES.

They Are Nothing in the World but Dirt.

Blackheads are not "fleshworms," as so many still think. They are nothing in the world but dirt. Pimples are a name for one kind of inflammation, and this inflammation also is caused by dirt. This does not sound pretty, you say. Well, blackheads and pimples are not pretty. They are a disgrace to the girl or woman who has them. The skin all over the body is filled with a very great many little openings or pores. The body excretes or throws off its waste matter through these pores, the bowels and the kidneys. When any of these eliminating channels, which are the sewers of the body, become choked and clogged, the body suffers in health and looks. Constipation is the cause of half the ill-health and poor complexions from which women suffer. The body is poisoned when elimination is insufficient. When the action of the pores of the body become sluggish, the matter which they should give off in insensible perspiration becomes solid. Dirt collects upon the greasy matter, clogging the pores of the face, and blackheads are the result. When the pores are kept stretched by hard matter packed in them they relax and enlarge. When the dirt in the system and on the surface of the skin sets up an inflammation, the unsightly pimple is caused. The chief treatment is cleanliness. The body must be cleansed inside with laxatives and flushed by pure, cool water, taken copiously between, but not at meals. It must be cleansed exteriorly by nightly baths of warm water and soap, and stimulated in the morning with cold baths and friction. When a body has once fallen to sluggish habits especial pains should be taken with the diet, feeding it with only such foods as will assist instead of retard the reforming process. This means that fruits and green vegetables should be eaten freely, that starches and sweets should be eaten seldom, and in small quantities. Exercise in the open air should be taken daily. When blackheads and pimples are confirmed and obstinate, it is frequently necessary to apply lotions or ointments to assist the skin in acquiring a healthy condition. Reputable skin specialists prepare or prescribe a number of such lotions or ointments.

## Miss Gast Beats Records.

New York, Oct. 16.—All outdoor long-distance cycle marks have been eclipsed by a little Bavarian milliner of this city. Marguerite Gast is the name of this remarkably young woman. In height she stands only 5 feet 2 inches, and her normal weight is under 125 pounds. Her claim to prowess as an athlete rests solely in a splendid muscular development. By 500 miles she has ridden farther than any woman had heretofore done in a continuous journey. By three hours and one minute she has beaten the fastest time ever made by a wheelman for twenty successive centuries, the limit having been set as a mark for the limit of human endurance. Miss Gast's time for 2,000 miles is 222 hours 5½ minutes. Will Brown's record for the same distance is 225 hours 6½ minutes.

## Japan's Reply to France.

Paris, Oct. 16.—Germany is the only power which has not replied formally to France's note on China, though she has verbally accepted its terms. Japan's answer accepts the proposals, retaining only one condition. This refers to the permanent prohibition of the importation of arms. While agreeing with the principle, Japan offers suggestions as to how the prohibition can be best accomplished. A dispatch received at the French foreign office from Hankow, dated Oct. 13, says the Chinese court arrived at Sianfu Oct. 12.

## Street-Car Fares at 1 Cent.

Marion, Ind., Oct. 16.—The Union Traction company, which owns the Marion street railway, the Anderson, Muncie and Elwood street railways, and the inter-urban railways connecting all of these cities, reduced the price of fare from Marion to the state normal college from 5 cents to 1 cent. A new company recently completed a line to the Soldiers' home. Today the Union Traction company placed on sale 300,000 1-cent tickets, good for the Soldiers' home line. The Marion trades council took the matter up, and this evening placed a boycott on the Union Traction lines, on which the 1-cent tickets are sold.

## Believe "Edna" Drowned Herself.

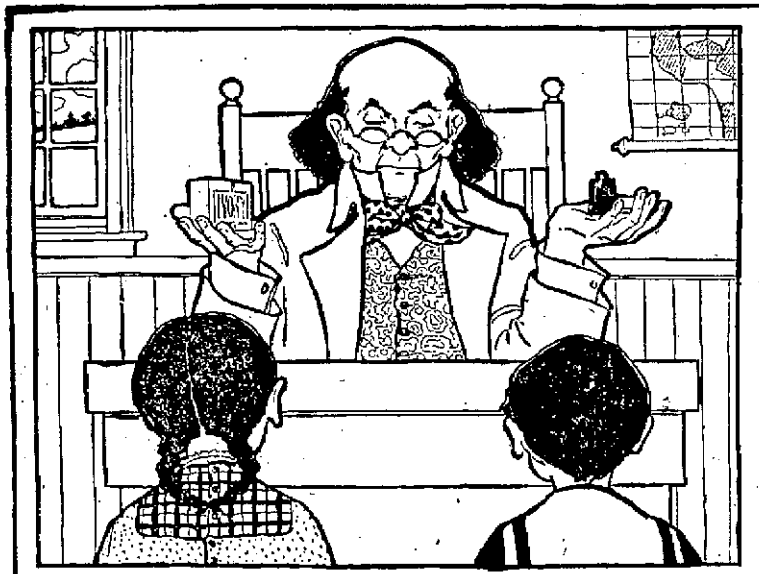

Kenosha, Wis., Oct. 16.—Kenosha's police have worked all day in a vain effort to clear up the mystery of a note and a pair of woman's shoes. The note, signed "Edna," was found Sunday on the lake shore, a mile south of this place. It said that because of ill-treatment at home, the writer would commit suicide. The shoes were found floating in the lake. They bear the stamp C. E. Wiswall, Evanston, Ill.

## Must Not Marry American.

London, Oct. 16.—The will of J. B. Clayton, son of the late member of parliament of that name, has been probated. It leaves his two daughters £144,000, with the provision that the money is only to be payable if they attain the age of 35 years without marrying either a citizen of the United States or a Jew.

## Neely Case Is Advanced.

Washington, Oct. 16.—The Supreme Court today granted motions advancing the Neely case and the cases involving the question of the extension of the constitution over the Philippines and Porto Rico to the second week in November. A number of minor decisions were handed down today.

## A LESSON IN VALUES.

**D**OLLAR for dollar, pound for pound, there is more in Ivory Soap than in any household soap. It is easy to find a cheap soap; but to find purity and low price in a single soap is not easy. They combine in Ivory Soap. You can afford to use it in the laundry; you can not afford not to use it elsewhere. It is vegetable-oil soap, in the cheapest form in which it can be procured. You pay nothing for a fancy box, wrapper or perfume. It is all in the soap! It floats.

## MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 10, 1896.

## TO THE POINT.

During the war of the rebellion Petroleum V. Nasby was recognized as a very effective writer and the name of "Nasby" became a household word.

His style of writing as well as his wit is being imitated by a correspondent who signs himself "One Lunz Kerigan." He handles democracy thusly.

Whither are we drifting, fellow Dimmycrats and Single Taxers? I'm afraid they've stacked us up against the gain this trip.

Our platform is Free Beer, Free Silver, Free Lunch, Free Trade, Free Soup Houses on Halsted Street in the cold Winter when hot whiskey punch gives out and the boys have to hustle for their pork chops and room rent and meal tickets.

What this yere country needs is more Breweries and Distilleries; that's the Paramount Issue. Sixteen Breweries to one Distillery would preserve the heavenly rashio, accordin' to Billy O'Bryan and bring prosperity to down-trodden Halsted Street.

There would be no money in counterfeitin' a fifty-cent dollar, you couldn't ring in a lead dollar on the darling public, and if Uncle Sam ever caught a patriot switching the shin-plasters, he would chuck him into the booby hatch at Joliet for about ten years. It don't pay to monkey with the Bi-metallic standard and the full dinner pail brings prosperity to the sturdy toiler.

Purity in politix is mitay curious, itelyou, and keeping solid with the sturdy toiling masses will drive the Boy Krucifyer to the Booby Hatch or into the Karl Shirts bunch of Aunty Imperialists.

Wot this yere country needs is more torch lite processions and Halsted street spellbinders sowe uns and you uns can strike a soft job over here in the City Haul and flash a tin star on the emigrants and take our place at the crib, and get a crack at the taxes and become Bloating Bondholders.

The full Dinner Pail and this yere blasted Prosperity of Bill McKinley is a deep, damnable plot for ruining the Democrats and takin' the bread and butter out of the Walkin' Dele-

gate's mouth and makin' him go to work.

How's that Boss Croaker Raven Billy Bryan goin' to make his room rent and his pork chops as a calamity Howler when all the lads are workin' nite and day in the factories and rolling mills?

## NATIONAL BANKS.

Secretary Gage in a recent article on National Banks and what it would mean to repeal the national banking act, said:

"At the present time the bonded debt of the United States amounts in round numbers to 1,000 millions. Of this total, \$330,000,000 is now owned by the national banks. All the other banks of the country (outside of savings banks and loan and trust companies) own only \$8,000,000. Repeal the national banking act and there would be no special motive for the national banks to continue their investments in United States bonds. They would naturally dispose of their holdings, or a large proportion thereof. What they would thus sell would be added to the market supply, with a seriously depressing influence upon the price of our securities. If it made no difference to the treasury when it had no need to borrow, that difference would be experienced in a higher rate of interest, whenever the public need should require such borrowing. The value of the factor here suggested cannot be specifically stated, but that it has been very great is clearly perceptible. The fact that the United States bonds as an investment security yield a lower rate of interest to the investor than do the bonds of any other nation cannot be accounted for by the operation of any other perceptible influence than the one just indicated."

## SOCIAL DEMOCRACY.

The state of Kansas has produced as many freaks that any sort of a monstrosity from that direction is not a surprise.

The latest is a weekly paper called the "Appeal to Reason," the official organ of the socialistic democracy. The last issue contains the platform of the party which makes the following demands:

First—Revision of our federal constitution in order to remove the obstacles to complete control of government by the people irrespective of sex.

Second—The public ownership of all industries controlled by monopolies, trusts and combines.

Third—The public ownership of all railroads, telegraphs and telephones; all means of transportation and communication; all water works, gas and electric plants and other public utilities.

Fourth—The public ownership of all gold, silver, copper, lead, iron, coal and other mines and all oil and gas wells.

Fifth—The reduction of the hours of labor in proportion to the increasing facilities of production.

Sixth—The inauguration of a system of public works and improvements for the employment of the unemployed, the public credit to be utilized for that purpose.

Seventh—Useful inventions to be free, the inventor to be remunerated by the public.

Eight—Labor legislation to be national, instead of local, and international when possible.

Ninth—National insurance of working people against accidents, lack of employment, and want in old age.

Tenth—Equal civil and political rights for men and women, and the abolition of all laws discriminating against women.

Eleventh—The adoption of the initiative and referendum, proportional representation, and the right of recall of representatives by voters.

Twelfth—Abolition of war and the introduction of international arbitration.

Eugene V. Debs is the presidential candidate on this platform and his running mate is a man by the name of Harrison of California.

The only thing that England does in a hurry is the management of an election. Six weeks is the limit of a campaign. Parliament was dissolved less than four weeks ago, and the new house will be elected and organized before November first.

People who wear Bryan badges should remember that the rooster that adorned the hat of Cleveland shouters in 1892 was the promise of patched breeches and soup houses for four years to come. The promise was faithfully fulfilled.

It is a fitting comment on the intelligence of republicanism that not a democratic orator has been molested or insulted during the campaign. The hoodlum element seeks a more congenial atmosphere.

Three weeks from today will decide the destiny of the country for the next four years. hat it will be decided in the interests of an honest and intelligent administration is not a question of doubt.

Senator Hanna was enough for the stock yards mob that attempted to break up his meeting last Saturday night. The senator, like Governor Roosevelt, is not easily frightened.

Any young man who is undecided as to his first vote, will do well to give his mind the benefit of the doubt and vote the straight republican ticket.

Wisconsin is no longer listed as a doubtful state even by our friends the enemy.

## HANNA GREETED CROWD FROM HERE

WAITED AND EXTENDED HAND  
SHAKE TO ALL.

Imperial Band Covered Themselves  
With Glory—Everybody Had a Good  
Time—City Gaily Decorated in  
Honor of The Week's Carnival—  
Arrived Home At Midnight.

Every republican who made the trip  
from Janesville to Madison last eve-  
ning returned home more than pleas-  
ed. Numbers of the Young Men's  
Republican club did themselves proud  
in the Capitol City last evening.

They yelled and shouted first for  
Senator Mark Hanna and then for  
the Madison carnival. Headed by  
the Imperial band a local delegation  
numbering about 125 boarded a spe-  
cial train on the Chicago and North-  
western railroad at 6:45 o'clock last  
evening. A goodly number were  
aboard from beloit. The train was  
in charge of Conductor W. M. O'Brien  
and through his good management  
the special left Janesville and pulled  
into Madison on scheduled time.

Others Boarded Train.  
At Evansville and Oregon many  
boarded the train. When Madison  
was reached 300 passengers were  
aboard. Headed by the Imperial  
band the crowd marched through the  
business streets to the armory, located  
on the state university grounds  
where the speaking was taking place.  
It was 8:45 o'clock when the Janesville  
crowd marched into the huge building  
where six thousand people were seat-  
ed.

Fully three thousand stood on the  
outside unable to gain admittance.  
But the Janesville crowd did not suffer  
for the want of good seats. Kindness  
on the part of the committee in charge  
resulted in the saving of three hundred  
excellent seats in the balcony.

Senator Frye of Maine was speaking  
when the Janesville delegation and  
band entered the building. At once  
a mighty cheer went up in honor of  
the arriving delegation. Five hun-  
dred students gave the Wisconsin yell.  
Then the Imperial band played "A  
Hot Time." Janesville had the only  
band in the building and to use a  
slang term, "She was the whole  
thing."

Senator Frye's Greeting.  
This sudden outburst of greeting  
was joined in by Senator Frye who  
bowed to the late arrivals. After  
quiet had been restored the speaker  
continued. Senator Frye gave a  
masterly address on the present issues  
of the day and at the close he was  
greeted with great applause.

Band Played for Hanna.  
At the close of Senator Frye's  
speech the Imperial band again struck  
up. Then the crowd stood on chairs  
or tip-toe. All eyes were turned to-  
wards the south end of the building  
where Senator Mark Hanna was just  
entering. As the leader of the re-  
publican party entered and marched  
toward the platform the crowd went  
wild with excitement. Hats were  
thrown in the air and hundreds of  
flags, banners and kerchiefs were wa-  
ved. Above the roar of applause the  
Janesville band managed to make  
themselves heard.

After quiet had been restored Sen-  
ator Hanna was introduced. For a  
half hour he delivered an address that  
made a deep impression on every in-  
dividual present.

There was good common sense in  
every word uttered. Senator Hanna's  
speech alone well repaid everyone go-  
ing from Janesville.

Hanna Greets Janesville.  
At the close of the meeting and af-  
ter the large hall had been vacated the  
Janesville crowd marched around the  
huge hall headed by the band. But  
before they left a surprise greeted  
them.

Senator Hanna had waited to greet  
the boys from the Bower City and as  
they marched past the speaker the  
man from Ohio shook every hand ex-  
tended. The courtesy was only ex-  
tended to the Janesville crowd and it  
was approved by three rousing cheers  
for Hanna and President McKinley.

At 11 o'clock the special train pulled  
out for Janesville arriving home at  
12:30.

The streets of Madison were illu-  
minated with thousands of electric  
lights. The capitol dome was beau-  
tified by hundreds of incandescent  
lights. Booths were erected in front  
of every store about the capitol  
square and this is all in honor of the  
carnival which opened last evening  
and close on Saturday night of this  
week.

Agent A. N. Gleason of this city ac-  
companied the party and did all in his  
power to care for the excursionists.

The trip was a decided success and  
all who went have nothing to regret.

## HERMANN MADE FAST OCEAN TRIP

Crossed the Atlantic Aboard The  
Deutschland When She Broke  
All Records.

Charles Hermann, proprietor of the American House is home from a trip to Europe.

Mr. Hermann has made a visit to his parents in Germany, returning to Janesville in the short space of six weeks.

His trip across the Atlantic was made aboard the liner Deutschland when she made the voyage in the shortest time ever recorded—5 days, 7 hours and 38 minutes.

The Deutschland was carrying the United States mails and she was straining every effort to beat all other ships so as to secure the mail contracts.

In Germany Mr. Hermann visited his father and mother and the reception that was accorded him in the Fatherland was most cordial.

A singing society that Mr. Hermann belonged to in Germany gave him a rousing reception.

This evening at the American house the members of the Concordia society will welcome his return.

## NEARLY READY FOR TIES AND RAILS

Work On the Janesville & Southeastern  
Is Rapidly Nearing Completion—  
Track Laying From Both Ends.

Work on the Janesville & Southeastern railroad is being rapidly pushed to completion. The grading is almost finished and with the exception of a fill near Emerald Grove is ready for the ties and rails.

Track laying has been commenced from both ends of the new line, one gang working from this city and the other from Allens Grove. A few weeks more will see the costliest piece of road ever built by the St. Paul system completed and trains running over it making an other connecting link between Janesville and Chicago.

The advantages of this new line to the St. Paul system are many. It gives them a short line from Janesville to Chicago. It opens up to them a stretch of territory formerly controlled by rival roads and gives them a them a through line to points in the western part of the state, that it was formerly necessary to go a long ways out of the direct line to get to. They will also be in position to

successfully compete with the North-western for through Chicago travel. The immense fill from Snipe Hill to the river is completed and when the steel span across the river is in position the hard work at this end of the line is practically completed.

The new line has worked a number of hardships among the farmers whose property they crossed, but they paid well for the land they took and will be a great benefit to the country.

C. A. Goodnow, Assistant General Superintendent and J. F. Gibson, superintendent of the new division, arrived in the city this morning, and left on a tour of inspection of the new line adjacent to the city.

## FOR AN ADDITION TO GRAND HOTEL

David Jeffris Purchases Property Ad-  
joining the Hotel On Milwaukee  
Street For About \$7,000.

An important real estate deal was consummated yesterday afternoon when David Jeffris purchased from the Zull Brothers the piece of property lying directly east and adjoining the Grand Hotel, with a frontage on Milwaukee street of forty-four feet. The price paid by Mr. Jeffris was about seven thousand dollars, nearly \$160 a front foot.

The old buildings on the property will be torn down and a handsome brick addition to the Grand Hotel will be built. The ground floor will be used for store purposes and the second and third floors will be an addition to the hotel. It is estimated that the new rooms to the hotel will increase its capacity, and make it large enough to accommodate the largely increased business. The rooms in the new addition will be constructed so that they will have all the modern improvements.

Mr. Jeffris had been figuring on buying this property for some time with a view of increasing the capacity of the hotel and will commence building as soon as the plans are ready.

## JOHN G. REXFORD MADE PRESIDENT

Literary Society Was Held  
Last Evening.

The Musical-Literary society held its first meeting for this season at the Cathedral rooms last evening. It was a business meeting, and was held for the purpose of arranging the year's work. The following officers were elected for the ensuing year:

President—John G. Rexford.

## ACCEPT CHALLENGE OF THE DEMOCRATS

The republican members of the Mississippi Golf club, noticing a challenge for a match game by the democratic members of the club for Friday afternoon at 2 o'clock, think it is the softest snap they have struck in a long time. They accept the challenge, and leave the naming of the prize to be played for to the democrats. All the conditions named by the democrats were perfectly acceptable to the republicans, who think the democrats have no more show of winning this match than they have of winning the next presidential election.

## LATE TELEGRAPHIC NEWS.

## AN ORDER TO KILL GOEBEL.

Sensational Statement by Murdered Man's Brother.

## YOUTSEY CONFESSED TO HIM.

Says Youtsey Told Him the Executive Gave the Word for the Assassination—Testimony of Wharton Golden and W. H. Culton Given.

Georgetown, Ky., Oct. 16.—The trial of Henry Youtsey was resumed, although the defendant was reported by the physicians to be no better. The sensational feature was the testimony of Arthur Goebel, brother of the murdered man. He told of his visit to Youtsey in jail, and said Youtsey confessed to him as follows:

"I had a talk with Dick Combs Monday morning, and he told me he was ready to do the shooting, and I went to Caleb Powers for the key to his office. John Powers gave me the key. I went to Gov. Taylor and I told Gov. Taylor that Dick Combs was ready to do the shooting. Gov. Taylor said: 'I object to having a negro do it. Combs may be a spy and he may betray us.'"

Says Taylor Promised a Pardon. "Tuesday morning, Jan. 30, I went back to Gov. Taylor. I said to him: 'The man to do the shooting is now here.' I told him Jim Howard was here. Gov. Taylor walked up and down the floor and said: 'Youtsey, if Goebel is killed, do you think I can hold my office?' I said 'Yes.' Finally I said to him, as Gov. Taylor hesitated still: 'It is up to you to decide now finally whether it is to be done or not.' Taylor said, finally:

"Well, tell them to go ahead. If it is necessary I can send the man to the mountains with a squad of soldiers, and he will be safe enough."

"I then walked back and reported. I told Berry Howard and Dick Combs and Jim Howard to go and be in the hall of the executive building, and I then left. I went and got the cartridges. When I went back Berry Howard, Dick Combs and Jim Howard were in the hall, and I unlocked the door and let them in and gave the cartridges to Jim Howard. He was the last man who went in the door."

Gave Jim Howard the Rifle. "I let Jim Howard, Berry Howard and 'Tallow Dick' Combs into Caleb Powers' private office, and gave Jim Howard a rifle and steel cartridges, and stood at the door when the shot was fired. I did not see who fired the shot."

Wharton Golden testified that he saw John Powers give Youtsey a key on Jan. 29, and that Powers said it was a key to Caleb's private office.

Culton Adds to the Evidence. W. H. Culton testified that Youtsey told him after the shooting that Gov. Taylor had been urging him to leave the state. Culton also testified that Youtsey told him of the plan to kill Goebel and escape through the basement; that Youtsey asked him to swear after the shooting that Youtsey was in the legislative hall when the shot was fired; that Taylor told Youtsey to deny in future all knowledge of the shooting.

The commonwealth closed its case in the evening after the cross-examination of Culton. The court gave the defense till this afternoon to consider whether to make a statement to the jury.

## "A Bit Shaky."

A man looks at his trembling hands and says: "I feel a bit shaky this morning, and shall need a brace." His real need is not nerve stimulant, but nerve strength. Dr. Pierce's Golden Medical Discovery gives strength to the nervous system. It does not brace up, but builds up. It is entirely free from alcohol and from opium, cocaine, and other narcotics usually found in so-called nerve medicines.

Accept no substitute for "Golden Medical Discovery." It cures. David Duggins, Esq., of Jones, Ohio Co., Ky., writes: "When I began taking Dr. Pierce's Golden Medical Discovery I think I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds weight, and also gained strength every day."

Free. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for book bound in paper, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

## RELAPSE WILL BE DANGEROUS

Bulletin on Condition of the Dowager Empress Frederick.

Homburg, Oct. 16.—An official bulletin just published says: "The Empress Frederick has been suffering for some time from neuralgic pains, causing exhaustion and acute weakness of the heart, followed by secondary catarrh of the lungs, still continuing, with increased temperature and irregular pulsations. There is no present danger, but a recurrence of the weakness would be the cause of imminent danger."

Bulletins have not been issued hitherto at the request of the patient.

## Revenge the Motive.

South Chicago, Ill., Oct. 16.—Investigations by the South Chicago police lead to the belief that the wreck of the Lake Shore express train at Eighty-eighth street, in which two men lost their lives and several persons were injured, was caused by a person or persons seeking revenge on the railroad company. Of late the special agents of the Lake Shore have been active in prosecuting corl thieves, and in the Polish settlement which borders the tracks south of Eighty-fourth street, there has arisen a feeling of bitterness against the officers. Eight boys, ranging in age from 9 years to 17 years, were arrested on suspicion last night.

## Santo Domingo Seeks Cash.

New York, Oct. 16.—On a secret mission from Santo Domingo there has arrived, says the World, William Swift Wright, formerly of Logansport, Ind., now confidential adviser of President Jimenez.

Though Wright refuses to disclose the purpose of his visit to this country, it is believed that Jimenez has sent him here to endeavor to negotiate a loan sufficiently large to transfer the bonded indebtedness from Belgium to American creditors. Mr. Wright said that in 1893 Santo Domingo owed the Belgian bondholders about \$7,000,000, but that the indebtedness has since grown to about \$30,000,000.

## Returns Nearly Complete.

London, Oct. 16, 2:35 p. m.—The election returns are complete, with the exception of six pollings today and the polling in the Orkney islands Oct. 24. On this morning's announcements the Unionists have gained Aberdeenshire East, making the respective gains as follows: Ministerialists, 38; opposition, 35.

The total number of members of parliament elected is 663, as follows: Conservatives, 331; Unionists, 68; Liberals and laborites, 134; Nationalists, 80.

## Widow Is a Raving Maniac.

St. Joseph, Mich., Oct. 16.—Mrs. John Platt, living twelve miles north of here on the St. Joseph river, awoke and found her husband dead by her side. The woman was so affected by the discovery that she became insane, and when the county superintendent of the poor, Charles Miller of this city, reached the place she was a raving maniac. Three small children were clinging to her skirts and adding their cries of terror to the screams of their distracted mother.

## Robbers on a B. &amp; O. Train.

Marietta, O., Oct. 16.—John Kopte, a passenger on the east-bound Baltimore & Ohio train, was robbed in a coach east of Athens by three men. The work was quick and the robbers escaped. Kopte has been in America a year and worked in the coal mines at Corning. He had earned \$100 and was going home to his family at Bremen, Germany. No other passengers were disturbed by the robbers.

## Whisky Trust Case in Court.

New York, Oct. 16.—Another step in the litigation over the management of the whisky trust was taken in Newark, N. J., when Vice-Chancellor Emery granted an order to show cause why the annual meeting of the trust, which is scheduled to take place Wednesday, should not be indefinitely postponed. The rule is returnable in Newark today.

## Queer Provision in Will.

London, Oct. 16.—The will of J. B. Clayton, the son of the late member of parliament of that name, has just been probated. By it he leaves his two daughters a fortune of £144,000, with the curious provision that the money is to be payable only if they attain the age of 35 years without marrying a citizen of the United States or a Hebrew. The reason for this proviso is not given.

## South African Gold Coming.

New York, Oct. 16.—Three millions of dollars in gold, at a rough calculation, is now under engagement by the National City bank for importation to this country. The larger part of the bank's engagement consists of about \$2,000,000 in bars, which comes from South Africa.

## MINORS AND TROOPS MOVING

March of the Former on the Panther Creek District.

## CLASH IS FEARED IN STRIKE.

Women and Men of McAtee Lead the Procession—Two Big Unions from Hazelton and Others in Line—Strike May Be Settled Wednesday.

Hazleton, Pa., Oct. 16.—The most important move made by the miners in this and the Schuylkill district began in the morning when 8,000 or more of the strikers started on a march to Tamaqua and other mining villages in the Panther Creek district and will endeavor to close the mines which have been running since the beginning of the strike and on which the operators have all along depended to keep up a semblance of supplying the immediate wants of their patrons. It is reported here to-day that the deputies, coal and iron police and several companies of Pennsylvania troops will be in the valley to meet the marchers and that they will be prepared for any kind of trouble that may occur. The men, however, have been warned to remain orderly and not interfere with the officers.

As has been usual in marches of this kind, the women and men of McAtee lead the procession. They have for their companions the two big Hazelton unions, the one at Coaldale, those from the Schuylkill district and those from the north and south sides. The Panther Creek district will be literally surrounded by the strikers. There will be three divisions and all are said to be well drilled for the work that is before them.

## March to Be a Test.

The cry has on several occasions come from the Panther Creek friends of the union, "March on us and we will quit." The test is being made today. If it is successful it may have much to do with bringing the strike to a speedy close, as it is the principal field now in operation. The Markle mines at Jeddo, shaft No. 40, of the Lehigh Valley Coal company and the Cranberry are about all that are left in operation in this district. No concerted effort has as yet been made to close any of these.

## Six Companies of Troops Move.

Shenandoah, Pa., Oct. 16.—Advices have reached Gen. Gobin, in command of the state troops here, that a large body of marching strikers have left McAtee for the Panther Creek region. They expect to reach that valley in time to intercept the miners on their way to work. Gen. Gobin, at the request of Sheriff Toole, ordered six companies of the Fourth regiment to leave at once for that valley, and a special train on the Philadelphia & Reading railroad to take them to Tamaqua, which station is but a few miles from Coaldale. Gen. Gobin went with the troops and assumed personal command.

## Say Strike Is to End Wednesday.

Wilkesbarre, Pa., Oct. 16.—On Wednesday of this week the strike will be settled, so all the miners in this region are asserting today, but their belief cannot be traced to an authoritative foundation. They say they got it from their leaders. The leaders say it came from headquarters, although not as an official statement.

## Sad Results of the Strike.

Hazleton, Oct. 16.—Want and ruin have followed in the wake of the strike in the anthracite region. Families who lived in comfort while the mines were in operation, now feel the pinch of privation and the bare necessities of existence seem like luxuries; business men upon whom prosperity had smiled have been brought to the verge of bankruptcy; thriving towns have become stagnant; usual travelers have forsaken them; and newspaper correspondents and labor leaders constitute the most important element in the floating population.

## THE REBELS MAKING GAINS.

Reformers Capture Kiu Shan and Invest Hui Chou.

## THEY ROUT THE IMPERIALS.

Severe Defeat Inflicted Upon Government Troops Sent from Canton—Rising Planned Carefully—Kank Yi Dangerously Sick.

Hongkong, Oct. 16.—Sun-Yat-Sen, according to reports from Canton, has taken the town of Kiu Shan, on East river, and is now investing the prefectural city of Hui Chou. A force of imperial troops from Canton was defeated by the reformers, 200 being killed. The advisers say also that there is great activity in Canton in preparations for dispatching troops to the disturbed districts. A column of troops was dispatched this morning to the Kowloon frontier, with the object of barring armed refugees, either rebels or imperial troops, from entering British territory when defeated. The rebels are reported to be 3,000 strong thirty miles north of the British frontier. A thousand of Admiral Ho's troops are in pursuit of them, while 2,000 Chinese troops have left Canton, overland, to intercept the rebels. Admiral Ho has informed the governor that the rebellion was carefully planned. The rebels are anxious to conciliate the villagers and gain the respect of foreigners; hence the absence of outrage and pillage. A mixed column of 360 Indian troops proceeded today to the frontier of the colony. Last night a Chinese rabble attacked the Portuguese guards at Macao, but were repulsed. The whole of the delta is in rebellion, under the leadership of Kang Yu Wei, Sun Yat Sen, and the secret society known as the Triads. A French launch was captured by pirates Oct. 13 near Mong-Chow. The pirates secured \$2,000 in specie.

**Li Sees Foreign Ministers.**  
Shanghai, Oct. 16.—A telegram was received today from Li Hung Chang reporting that he had seen all the foreign ministers except the German and Russian, who are still at Tientsin. The peace negotiations have not yet been opened. Paoting-Fu was captured by the English, German, French and Italian expedition which was dispatched from Peking for that purpose. Kank Yi, president of the board of war, is reported to be dangerously sick at Wenhai, on the road to Singan-Fu.

**French Launch Captured.**  
A French launch was captured by pirates Oct. 13, near Mongchow. The pirates secured \$2,000 in specie.

## TO INVEST IN AUSTRALIA.

American Millionaires Form Syndicate for Mining Purposes.

London, Oct. 16.—Alexander P. Brown, a Philadelphia capitalist, says that a syndicate of American millionaires is investigating the gold mines of Australia with a view to investment. Mr. Brown, however, refused to give the names of the capitalists. The managing agent of the London West Australian Mine Finance agency said: "Rumors have lately been in circulation in London to the effect that a combination of American and English capital is about to be devoted to the development of Australian mining property. Definite information concerning the matter is withheld." It is said that many Australian mines that were formerly profitable are now practically worthless. There are a few, however, that are expected to be surpassingly rich. It is supposed that these are the ones in which the Americans are interested.

Case Against Slayer of Express Messenger Lane Begins.

Marysville, O., Oct. 16.—Rosslyn H. Ferrell was placed on trial for his life here today on the charge of murdering Adams Express Messenger Charles Lane, Aug. 10, 1900. Ferrell made a written confession of his crime, in which all the details of how he shot Lane and robbed the express safe were set forth. The young woman has been subpoenaed as a witness for the state. The widow of the murdered express messenger is here from London, Ont., for the purpose of doing all she can to send Ferrell to the electric chair. The only defense will be insanity, and an attempt will be made to prove him a degenerate. Efforts to secure a jury occupied all of today.

## THE NERVES OF WOMEN

"I am so nervous and wretched." "I feel as if I should fly." How familiar these expressions are! Little things annoy you and make you irritable. You can't sleep, you are unfit for ordinary duties, and are subject to dizziness.

That bearing-down sensation helps to make you feel miserable.

You have backache and pains low down in the side, pain in top of head, later on at the base of the brain.

Such a condition points unerringly to serious uterine trouble.

If you had written to Mrs. Pinkham when you first experienced impaired vitality, you would have been spared these hours of awful suffering.

Happiness will be gone out of your life forever, my sister, unless you act promptly. Procure Lydia E. Pinkham's Vegetable Compound at once. It is absolutely sure to help you. Then write to Mrs. Pinkham, at Lynn, Mass., if there is anything about your case you do not understand.

You need not be afraid to tell her the things you could not explain to the doctor—your letter is seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

**Mrs. Valentine Tells of Happy Results Accomplished by Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—It is with pleasure that I add my testimony to your list, hoping it may induce others to avail themselves of the benefit of your valuable remedy. Before taking Lydia E. Pinkham's Vegetable Compound, I felt very bad, was terribly nervous and tired, had sick headaches, no appetite, gnawing pain in stomach, pain in my back and right side, and so weak I could scarcely stand. I was not able to do anything. Had sharp pains all through my body. Before I had taken half a bottle of your medicine, I found myself improving. I continued its use until I had taken four bottles, and felt so well that I did not need to take any more. I am like a new person, and your medicine shall always have my praise."—MRS. W. P. VALENTINE, 568 Ferry Avenue, Camden, N. J.

**\$5000 REWARD**  
Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters, we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO.

## POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.
